

What is Livable Hermiston?

Livable Hermiston is a community-wide visioning process sponsored by the City of Hermiston and Livable Hermiston Committee to identify future community liability assets that will continue to make Hermiston a great place to live, work and visit. The goal is to set priorities for the most important community livability assets to be pursued by the community over the next 10 to 20 years.

It is an opportunity for the community members to continue shaping the kind of city that future generations will be proud to call home. This is not a “City” plan, but rather a community plan, with the responsibility and benefits of developing and implementing the plan shared among a broad range of partners and supporters. This visioning process is guided by a 26-member Livable Hermiston Committee, a diverse group of community leaders and citizens.

What will come from the process?

- A vision of Hermiston’s future livability assets, and a road map for getting there
- An understanding of shared community values
- An engaged and informed community that is looking ahead, together

How can I get involved?

- Complete a community survey (Go to <https://www.surveymonkey.com/r/LivableHermiston>)
- Participate in upcoming community events
- Follow Livable Hermiston on Facebook www.facebook.com/cityofhermiston
- Visit the Livable Hermiston webpage for up-to-date information:
